## **Christ Evangelical Free Church Building Use Policy**

(approved at Elder meeting on 3/13/06)

The church buildings will be available for use for most activities within the church and community with priority given to church activities. All other uses must be approved by the office staff for scheduling, the senior pastor and the maintenance supervisor. The procedure will be as follows:

1. When the buildings are requested, a call must be made to the church office to verify the date is available, if the date is available the request goes to the maintenance supervisor for his availability and then for final approval to the senior pastor.
2. If it is to be used by a ministry within the church, the ministry is responsible for set up, tear down and clean up of ALL areas used for that time period.
  - 2.1 This does not concern regularly scheduled activities such as weekly AWAN, youth groups, prayer meetings, etc. only special out of the ordinary activities and meetings. (No security deposit necessary)
3. The facilities will be available on an “as requested basis” during reasonable hours when our facility is not being used for a church or church-related function. **The maintenance department is not responsible to set up or tear down from any of these functions.** Any non-ministry event or demonstration for personal or business gain, or for profit opportunities (i.e. home-product sales), will not be permitted. It is our expectation that all activities will not conflict with our CEFC Church Policy. All non-ministry events require a \$50.00 security deposit to be paid with the building use form.
4. Weddings are considered church activities, as long as the parties involved are actively attending Christ Church. There will be a \$100.00 security deposit (rehearsal and wedding day) for weddings for those in the church. There is no church usage fee charged.
5. Weddings for those not connected in any way to Christ Church will pay the \$100.00 security fee in addition to a \$100.00 usage fee for the wedding. If the facility is to be used for the reception as well that would incur an additional \$100.00 fee. The security deposit to be paid with the building use form and the balance due one (1) week prior to the wedding.
6. A “Building Use Form” must be filled out for every activity and turned into the office at least two weeks prior to the activity. The security deposit must accompany this form in order to be considered scheduled.
7. Funerals are also considered church activities and will be coordinated with the presiding pastor.
